

RAPID EMERGENCY SUPPORT

ONE PRESS IS ALL IT TAKES.

A WEARABLE PANIC BUTTON THAT ALERTS THE CONTROL ROOM
AND/OR THE EMERGENCY CONTACTS IN ANY EMERGENCY
SITUATION

KEY FEATURES

SIMPLE & PRACTICAL

Any time, any place - press the button and help is on the way.

VOICE CALLS

The RES panic button is voice call enabled. No need to physically check on residents or respond to false alarms.

MULTIPLE EMERGENCY CONTACTS

Emergency contacts are automatically notified whenever an emergency is activated.

GPS TRACKING

Track and locate kids/elderly when you cannot get hold of them.

EASY SETUP

No more wires, installations or special cabling. The RES panic button are shipped fully configured with SIM cards already installed.

FALL DETECT

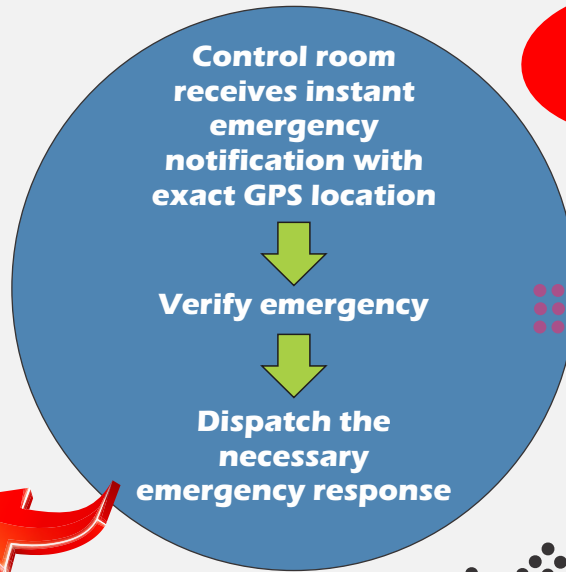

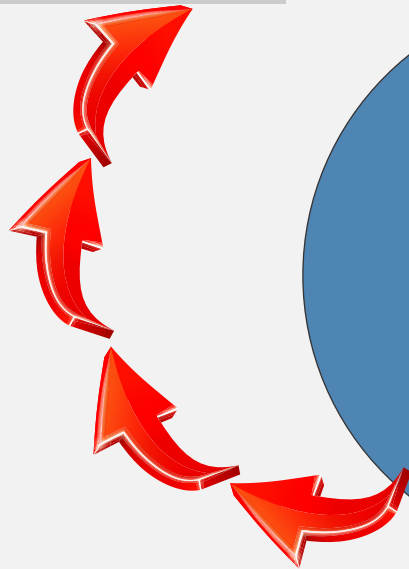

The RES panic button sends automatic notification when a fall (impact) is detected.
